  - ENERGY STAR® certified
  - 3 year warranty\*
- 
- Non-Dimmable replacement for 15W BR30 CFL & 65W BR30 reflectors

S9217

## The Flat Lite™

When in a recessed housing, the face of the lamp, lumens and light distribution match the traditional look and feel of standard reflector. With the sleek design, it requires less heat sink allowing for much cooler, dependable operation. Weighing only 3 oz. (85 grams) it is one of the lightest LED BR30 style lamps available, providing an excellent solution for almost any application.

- New shape
- Innovative technology
- Familiar appearance
- Excellent value

Why waste money and energy, if you can't tell the difference?
