SUGGESTED APPLICATIONS

- Restaurants
- Hospitality
- Residential
- Retail

SATCO|NUVO's Silver and Gold Crown LED lamps offer vintage-inspired elegance with modern performance. Available in A19, G25, and G40 shapes, these decorative bulbs feature a striking half-bowl silver or gold finish that redirects light back into the bulb, producing a soft, ambient glow while reducing harsh downward illumination. Perfect for restaurants, hotels, and stylish residential spaces, they create a warm and inviting atmosphere with a 2700K color temperature. The classic LED filament design mimics the charm of traditional incandescent bulbs while operating at lower wattages for greater energy efficiency. With dimmability down to 10% and a wet-location rating, these lamps bring both sophistication and versatility to decorative lighting applications.

GENERAL SPECIFICATIONS
