Deliver reliable, energy-efficient outdoor lighting with this LED Full Cutoff Wall Pack, designed for versatility and long-term performance. Featuring field-selectable technology, it allows you to choose from three wattages and three color temperatures at installation—providing the flexibility to tailor light output and ambiance to any application. An integrated bypassable photocell offers convenient dusk-to-dawn operation, while compatibility with select dimmers enables additional control and energy savings. Constructed from durable die-cast aluminum with a corrosion-resistant bronze finish and paired with an impact-resistant polycarbonate lens, this fixture is built to withstand demanding environments. Ideal for walkways, warehouses, office buildings, schools, and other commercial settings, it delivers dependable illumination with a clean, full cutoff design that minimizes glare and light trespass.
