Integrated Rechargeable Products

OVERVIEW

The SATCO Recharge Product line is a portable lighting category built around integrated rechargeable lithium-ion power and delivers a complete ecosystem of high-performance portable lighting designed to replace traditional battery-powered products, eliminating disposable batteries while increasing performance and versatility.

Segmented into Rechargeable, Work, Search, Task, and Lantern groups, these provide multi-functional solutions powered by integrated rechargeable lithium-ion technology; Ideal for trade professionals, DIY users, and outdoor enthusiasts.

This category is not just a lighting assortment—it is a multi-functional power and illumination platform. These products combine rechargeable power, modular design, and advanced LED technology and delivers higher value, better usability, with a broader application coverage with professional-grade performance.

KEY POINTS

- Rechargeable convenience - no battery replacement cost
- USB Type C charging - USB power bank options for device charging
- Multi-function tools reduce clutter
- Advanced lighting modes and features (Turbo, dimming, red, strobe, CCT)
- Hands-free + magnetic mounting versatility with multiple hanging options

CATEGORIES

TASK

Focused on precision, hands-free, and close-range use

- Headlamps (including Hand Gesture On/Off)
- Pen Lights and Compact Task Lights
- Diverse wearable lighting

Key Use Cases:

- Automotive work
- Electrical / Mechanical repairs
- DIY / Hobby Tasks / Trade Tools

WORK

Designed for area lighting and job site illumination

- Compact and high-output work lights
- Modular and versatile lighting systems

Key Use Cases:

- Construction
- Maintenance
- Garage / Workshop Lighting / Trade Tools

SEARCH

Built for directional, high-output, and long distance lighting

- Flashlights with adjustable focus beams
- Pivoting hybrid lights
- Telescoping multi-lights

Key Use Cases:

- Inspection
- Outdoor navigation
- Emergency response

LANTERN

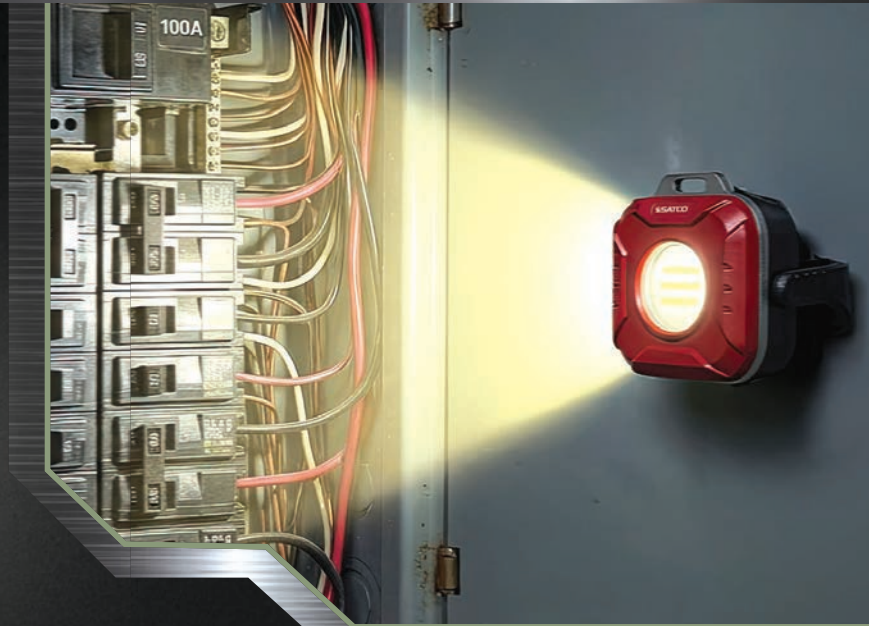

Engineered for 360° area lighting and lifestyle use

- Expandable lanterns
- Multi-function lanterns (fan, string lights, ambient modes)
- Dual-fuel and emergency-ready designs

Key Use Cases:

- Camping and outdoor recreation
- Power outages / emergency preparedness
- Job site ambient lighting

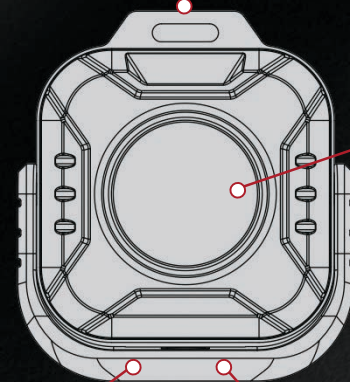

LED MINI TASK LIGHT

The LED Mini Task Light is a highly versatile and compact light. It has adjustable CCT and modes ranging from Turbo (for maximum brightness) down to low (for preserving battery). The red light is crucial for preserving night vision or signaling, while the strobe serves as an emergency beacon.

- Multi-mode output: Turbo, High, Medium, Low, Red and Strobe
- Selectable color temperature for task and ambient lighting
- Magnetic base with tripod mount for hands-free positioning
- Compact, portable design for tight workspaces
- Integrated rechargeable lithium-ion battery with fast charging
