FROM SURVEY TO INSTALLATION

BUILD YOUR LIGHTING SCOPE WITH SATCO|NUVO®

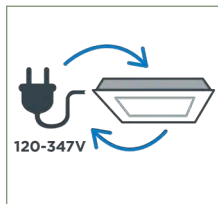

SATCO|NUVO helps ESCOs and contractors move lighting upgrades from survey to installation with a focused portfolio of high-performance LED lamps, fixtures, retrofit kits, controls, and emergency solutions.

Our products emphasize field-selectable wattage and CCT, broad voltage ranges, long-life performance, DLC/TAA options, and products designed to reduce labor, waste, and SKU complexity.

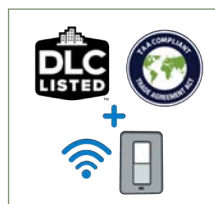

From troffers and TLEDs to outdoor, high bay, downlight, and emergency applications, SATCO makes it easier to match existing conditions, meet project requirements, and keep jobs moving.

TROFFER RETROFIT KITS

Upgrade existing troffers without replacing the housing—reducing waste, simplifying installation, and saving time.

Troffer Retrofits provide flexible, high-performance solutions for schools, offices, healthcare, retail and commercial applications.

- Flat Panel and Single Basket Options Available
- Reuse Existing Troffer Housings - Less Demolition & Disposal
- Field-Selectable Wattage & CCT Reduce Ordering Guesswork
- 1x4, 2x2, & 2x4 Options
- Up to 125 LPW
- 50,000-Hour Life
- 0-10V Dimming to 10%
- Integrated Safety Tether Supports Easier Installation
- Domino/Control Options on Select Fixtures

TROFFER NEW FIXTURES

Backlit panels and single basket troffers deliver clean, uniform illumination for fixture replacements and ceiling upgrades.

Designed to provide flexible performance in offices, schools, hospitals, hospitality, and retail.

- Flat Panel and Single Basket Options Available
- 1x4, 2x2, & 2x4 Sizes
- Selectable Wattage & 3500/4000/5000K CCT
- Standard & Integrated Emergency Models
- Up To 125 LPW
- 50,000-Hour Life
- 0-10V Dimming to 10%
- TAA Options Available
- Domino/Control Options on Select Fixtures

TLED'S

SATCO|NUVO helps ESCOs and contractors move lighting upgrades from survey to installation with a focused portfolio of high-performance LED lamps, fixtures, retrofit kits, controls, and emergency solutions.

- Type B Ballast Bypass & Type C Systems
- 4-ft ESCO Focus; Broader Line Includes Other Lengths
- Up to 173 LPW on TAA Type B Options
- Single or Double-Ended Wiring Options
- Field Selectable Wattage & CCT
- Broad Voltage Ranges
- 50,000-Hour Life
- TAA Options Available

OUTDOOR SOLUTIONS

Outdoor lighting simplifies exterior upgrades with versatile solutions for perimeters, parking, walkways, and site lighting.

Flexible configurations help meet field conditions while reducing product complexity.

- Wall Packs: Selectable Output, IP65, 120-347V Integrated Photocell
- Floods: Selectable Wattage/CCT/Beam, Integrated Photocell
- Post Tops: Small & Large Sizes, Integrated Photocell
- Area Lights: 120-277V & 277-480V Options
- Performance: Up to 156+ LPW
- Long Life: 50,000 Hours
- Protection: 6kV Surge Protection

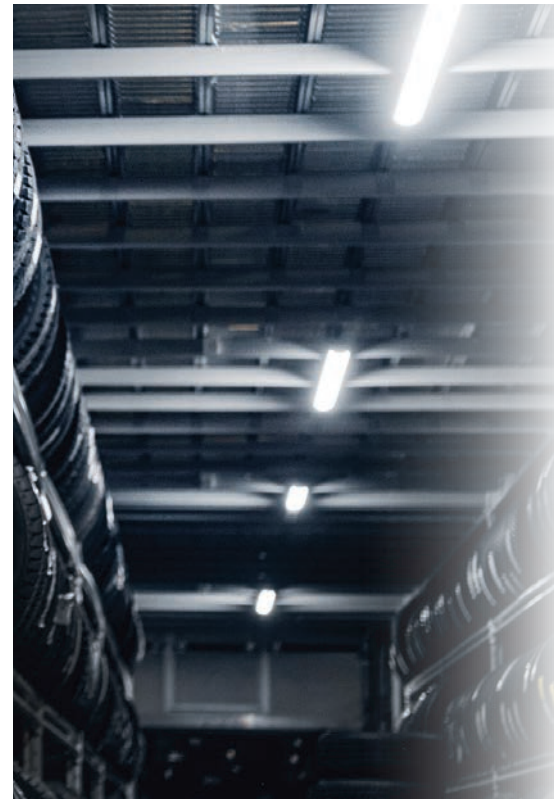

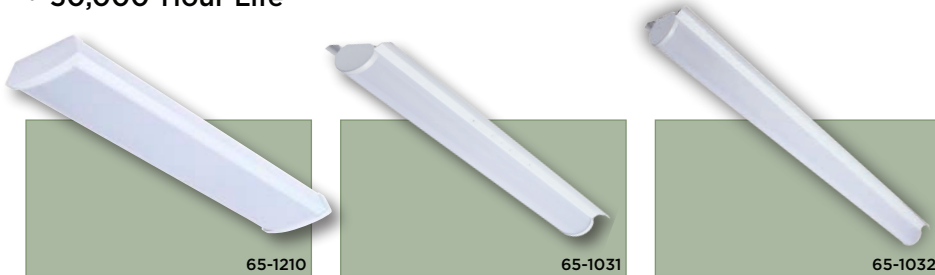

STRIPS & WRAPS

Strips, wraps, and retrofit kits provide flexible lighting solutions for utility and commercial spaces.

Selectable models simplify installation and reduce SKU complexity. Ideal for back-of-house, corridors, storage, workspaces, and general commercial applications.

- 2-ft, 4-ft, & 8-ft Strip Options
- Selectable Wattage & CCT on Key Models
- Up to 130+ LPW on Strip Products
- Up to 156+ LPW on Select Products
- Domino/Control Options on Select Fixtures
- 50,000-Hour Life

HIGH BAYS

High bays deliver high-performance lighting for warehouses, industrial, retail, and large open spaces.

Selectable wattage and CCT provide installation flexibility for varying mounting heights and light levels. Broad voltage range, high efficacy, and surge protection support demanding environments.

- Linear & Round High Bay Options
- Selectable Wattage & 3000/4000/5000K CCT
- Up to 155+ LPW / 156+ LPW on Select Products
- 120-347V Range Voltage
- 6kV Surge Protection
- Domino Controls Compatible on Select Models

DOWNLIGHTS

Recessed retrofits and downlights simplify commercial lighting upgrades.

Plus Series offers advanced dimming, voltage, trim, and emergency options. Flexible options support offices, hospitality, retail, multifamily, and canopy applications.

- Strip Fixtures, Strip Retrofit Kits, & Wraps
- 4-in., 5/6-in., 6-in., 8-in., & 10-in. Options
- 5 CCT Selectable: 2700-5000K
- 90+ CRI for Quality Light
- Phase-cut and/or 0-10V Dimming Options
- Wet-Location, Airtight, and IC-Rated Options
- Emergency & TAA Options Available
- Domino/Control Options on Select Fixtures

EXIT SIGNS

Exit and emergency fixtures support life-safety needs across commercial ESCO projects.

Flexible sign and emergency options simplify standardized lighting upgrades. Reliable performance supports code-focused applications and varied installation requirements.

- Red & Green Exit Sign Options
- Dual-Head Emergency Combo Units
- Remote-Compatible Models Available
- 120/277V Operation
- 90-Minute Battery Duration
- Damp-Location Rated

DOMINO™

NETWORKED LIGHTING CONTROLS

Domino adds wireless lighting control to ESCO projects without the need for a traditional hub.

It's Bluetooth mesh platform simplifies installation while supporting code-compliant strategies.

Features include occupancy sensing, scheduling, dimming, and fixture grouping. Paired with SATCO fixtures, Domino helps maximize energy savings and control flexibility.

- **Wireless Bluetooth Mesh Control Platform**
- **No Hub Required For Basic System Setup**
- **Supports Dimming, Grouping, Scheduling, & Occupancy Strategies**
- **Helps Support Energy Code & Savings Objectives**
- **Useful With Troffers, Strips, High Bays, & Retrofit Projects**
- **Scales From Small areas To Larger Commercial Spaces**
- **Emergency & TAA Options Available**
